# VISHNU KUMAR

Software Developer

8279354620 ◆ work.vishnukumar@gmail.com ◆ Gurgaon, Haryana, 122018 ◆ Github ◆ Portfolio ◆ Linkedin

## PROFESSIONAL SUMMARY

Software Developer with ~3 years of experience contributing to core functionalities and end-to-end feature development in product-based environments, delivering reliable solutions, improving user journeys, and enhancing product efficiency using React, Next.js, and Node.js.

## WORK EXPERIENCE

**Software Engineer - Turning Cloud Solutions ( Supplymint )** Jun 2024 - Present

*Gurugram*

- Developed end-to-end frontend features using React.js, integrating APIs, state management, and user workflows to improve product functionality
- Built modular, reusable components that improved scalability, consistency, and development efficiency across the portal.
- Led the company website redesign, combining functional development, responsive UI, and Framer Motion animations to enhance user experience.
- Developed core product features and workflows, seamlessly integrating business logic with responsive UI.

**Jr Reactjs developer - Zysk technologies** Nov 2023 - May 2024

*Bangalore*

- Developed and maintained scalable front-end solutions using React.js, Next.js, Typescript, Material UI, and Tailwind CSS.
- Built and optimized frontends for EdTech, Photography, and Real estate platforms.
- Actively participated in Learning and Development sessions, fostering continuous growth by exchanging knowledge and insights with team members.

**Software Trainee Engineer - Tapasvi Info Solutions** Nov 2022 - Apr 2023

*Hathras*

- Integrated Real-time chat using Firebase in Flutter apps for enhanced user interaction
- Ensured smooth data synchronization and real-time updates with Firebase in Flutter projects.

## EDUCATION

Rajiv Academy For Technology And Management, Mathura 2019 - 2022

Bachelor of Science, CS Mathura

## SKILLS & INTERESTS

**Technical:** HTML, CSS, Javascript, Reactjs, Nextjs, Redux, Redux-toolkit, Typescript, Tailwind, Material UI, Nodejs, Express, Mongodb, Java, Flutter, Framer motion

**Tools and Other:** VS Code, Cursor, Git & GitHub, Figma, Claude, ChatGPT

**Soft Skills:** Problem-Solving, Continuous Learning, Resilience, Attention to Detail

## PROJECTS

**Fullstack chat app** Link

- Developed a Real-time chat platform enabling instant messaging through Socket.io for seamless, bidirectional communication.
- Built the frontend using React, Tailwind CSS, and DaisyUI, ensuring a clean, responsive, and modern user interface.
- Implemented secure user authentication and message persistence using Node.js, Express, and MongoDB
- Ensured scalability and maintainability through modular architecture and efficient state management practices

**Draw Magic** Link

- Developed Draw Magic, a responsive drawing application built with React and HTML Canvas API for smooth, real-time sketching.
- Implemented custom drawing tools including pen, eraser, and adjustable brush thickness for flexible creativity.
- Added light and dark mode support to enhance usability and provide a personalized user experience.
- Built a screenshot capture and canvas reset feature, enabling users to save or restart their creations instantly.

## CERTIFICATIONS

Frontend development

## ACHIEVEMENTS

**Frontend development certificate** - Simplilearn: Gained a Frontend development certificate from Simplilearn after completing course in which I learnt HTML, CSS, Javascript, Reactjs.

**Solved 350+ DSA questions** - Coding Ninjas, Leetcode and Geeks For Geeks: Solved 350+ DSA questions on Coding Ninjas, Leetcode and Geeks For Geeks.
